- VII. Closing Comments** Donna Masters **Time: 3 Minutes**

Notes

Community Input from this Aug. 31 meeting will be added to our jfcac.org/communitytrust webpage for the public to view, by Thurs. Sept. 2. You may also view input from the June 17 Community Trust Input meeting on that page as well.

JFCAC will compile all community input provided from these meetings and group it into **“Themes”** before our next **Virtual Community Trust Theme Prioritization and Trustee Selection Meeting on Thursday, October 7, 6 p.m. – 8 p.m.**

Be sure to register at jfcac.org/communitytrust to be a part of this very important community meeting.

At that meeting, all participants will rank themes based on need, equity, and feasibility to determine the theme that is most important to the community residents at that meeting. Participants will then nominate Trustees (one from their table, and one not at their table). Following acceptance of nomination, Trustees will then host a **series of “Next Steps” sessions** to invite/consider project proposals based on the theme chosen.
